Nola Charles Award Criteria

(Limited to 1000 words)

For outstanding career contributions to the profession of information security. This may include policy; education; training; procedures; and a combination of these elements. Nominations may be in recognition of service during the immediate past year or several years.

Additional considerations: recognition of an earlier contribution or accomplishment. Dedication to the "NOLA" in the form of contributions made to "NOLA" in education, support, service, programs for educating and informing; and specific programs or any combination of these elements.

The selection committee considers agencies or companies that have dedicated a major effort in enhancing the information security "NOLA" within their organizations or for support an organization has made directly and indirectly to the "NOLA".
